Perfil Profesional

I am an emerging professional in Economics, Data Science, and a Master's in Business Intelligence, focused on the application of Machine Learning, Deep Learning, and Econometrics. Thanks to my strong background, I integrate economic knowledge with advanced data science techniques to drive strategic decisions and innovative solutions based on rigorous information.

I possess outstanding skills in critical thinking, adaptability, teamwork, data analysis, attention to detail, and effective time management. These competencies enable me to efficiently tackle and solve complex problems, generating high-quality solutions.

Education

Universidad Externado de Colombia 2021-2025
Bachelor's Degree in Economics

- Honor roll for academic performance.
- Specialization in Quantitative Methods.
- AI project accepted for publication (in press): From Data to Destinations. A Machine Learning Approach to Estimating Foreign Tourism in Colombia.

Universidad Externado de Colombia 2023-2026
Bachelor's Degree in Data Science

- Member of NeuroMinds, a deep learning seedbed.

Universidad Externado de Colombia 2024-2026
Master's in Business Intelligence

Work Experience

Universidad Externado de Colombia 2023-2025
Academic Tutor in Optimization

- Providing personalized guidance and leading tutoring sessions focused on the practical application of optimization models and algorithms.
- Encouraging participation and teamwork by promoting dynamic and cooperative learning.

Technical Skills

- | | | | |
|------------------------|----------------------|-------------------------|---------------------|
| • Machine Learning | • Python | • R Studio | • Power BI |
| • Econometric Analysis | • STATA | • SQL | • Scikit-Learn |
| • Deep Learning | • TensorFlow/PyTorch | • Business Intelligence | • Data Storytelling |

Certifications

Statistical Process Course

Taught by DANE

2023

Specialized Course in Power BI

Offered by Platzi

2025

Course in SQL Databases

Taught by Platzi

2025

Course in Data Visualization for BI

Offered by Platzi

2025

Neural Networks with PyTorch

Taught by Platzi

2025

SQL – MySQL

Offered by Platzi

2025
